Integrated Jute Manufacturing, Built for Export

SA Shamim Jute Mills Ltd is a direct manufacturer and exporter of jute packaging and industrial jute products, established in 2019 in Dinajpur, Rangpur Division, Bangladesh. Our integrated campus spans 6+ acres and carries the full production chain on site, from fibre softening and spinning to weaving and hydraulic baling. Our product range serves packaging buyers in the commodity trade, including cocoa, coffee and grain.

COMPANY AT A GLANCE

Company: **SA Shamim Jute Mills Ltd**
Established: 2019
Business Type: Direct Manufacturer & Exporter
Managing Director: **Shamim Akhter Hossain**
Location: Dinajpur, Rangpur Division, Bangladesh
Core Products: Jute Bags for Cocoa, Coffee & Grain, Sacking Bags, Yarn & Twine, Hessian Cloth

- 6+ Acres Industrial Campus
- 352+ Heavy Industrial Machines
- 1,000+ MT Monthly Capacity
- 1,100+ Skilled Workforce

MANAGING DIRECTOR'S STATEMENT

Our buyers do not purchase a bag. They purchase certainty that the shipment will arrive intact, clean and on specification.
We built this mill around that principle: controlled production, inspected materials and transparent documentation. Every buyer is welcome to audit our campus, nominate an inspection agency and verify what this dossier states.

Shamim Akhter Hossain
Founder & Managing Director
SA Shamim Jute Mills Ltd

352+ Machines. One Integrated Production Chain.

1 Softening > 2 Carding > 3 Drawing > 4 Spinning > 5 Weaving > 6 Baling

Fleet includes softeners, cards, drawing frames, flyer spinning frames, rapier and cop-change looms, calenders, stitchers and hydraulic balers.

Four Product Lines. One Controlled Mill.

Every product is manufactured on our integrated campus in Dinajpur and supplied to export grade. Specifications below are standard ranges; custom sizes and constructions are produced to buyer specification.

Third-Party Pre-Shipment Inspection

- SGS
- Intertek
- FIS
- On buyer nomination

Inspection scope and acceptance criteria are agreed with the buyer in the purchase contract. Agencies: SGS, Intertek, Federal Inspection Services (FIS).

From Dinajpur to Your Port.

Our mill ships by sea through Chattogram and by road through four land customs ports. Container loading, Incoterms and payment terms are set out below so buyers can plan freight and finance before placing an order.

Shipping Route

Item	Detail
Dispatch point	Dinajpur, Rangpur Division, Bangladesh
Primary ocean port	Chattogram Sea Port (UN/LOCODE: BDCGP)
Land customs ports	Benapole, Sona Masjid, Bhomra, Banglabandha

Container Loading (FCL)

Item	Approx. payload	Packing
20 ft Dry FCL	~21 MT	Bales of 200 to 500 bags
40 ft HC	26 to 27 MT	Bales of 200 to 500 bags

Payload is approximate and depends on bale density and bag weight.

Supported Incoterms 2020

Any mode of transport: EXW, FCA, CIP
Sea and inland waterway only: FOB, CFR, CIF

Commercial Payment Terms

Term	Description
100% Irrevocable L/C at Sight	Letter of credit payable at sight
Advance T/T	Telegraphic transfer before shipment
CAD / DP	Payment against documents
D/A	Documents against acceptance

Delivery and payment terms are confirmed per order in the sales contract.
